

Luxury and Convenience

Enjoy your morning routine with ClearMirror™

Introducing a great way to differentiate your bath design. Original *ClearMirror* is quickly gaining popularity around the country as the **ultimate bath amenity**.

The Original *ClearMirror* is the perfect amenity for master bath designs. The beauty of a fogless vanity mirror will definitely add to the sense of luxury and convenience you are trying to achieve in your bath renovation for **under \$100**.

And you will absolutely love looking into a fog-free mirror while standing in a warm bathroom. No need to open doors or windows to remove the steam from your morning shower.

Efficient, Safe and Easy to Install

ClearMirror only uses the 65 Watts and is typically wired to the overhead vanity light, so it is only operating when you really need it. We carry UL, C-UL and NY City BEC approvals to ensure safe operation.

The ultra-thin heating pad adheres to the back of the vanity mirror and has electrical leads that are easily connected to an overhead vanity light.

Enjoy Your Morning Routine in Comfort

Enjoy your morning routine without the frustration of foggy mirrors. No more wiping, squinting or struggling to simply see yourself in the mirror!

Enhanced Styling and Reduced Cleaning.
